Highlights

- **E3 Metals issued 72,093 common shares to Hampson Equities Ltd for consulting services**

CALGARY, ALBERTA, December 7, 2018 – E3 METALS CORP. (TSXV: ETMC, FSE: OU7A, OTC: EEMMF) (the “Company” or “E3 Metals”). Further to the Company’s news release of October 19, 2018, the Company advises that it has issued 72,093 common shares to Hampson Equities, Ltd. (“**HEL**”) at a deemed price of \$.43 per share in consideration of \$31,000 in services provided to E3 under a Financial Advisory Consulting Services Agreement (the “Agreement”) entered into between E3 and HEL. HEL has certain unique networks to facilitate strategic partnership relationships between E3 and several major multinational companies. In addition to the consideration set out above, E3 has agreed to pay HEL finder’s fees in the form of cash commissions and share purchase warrants in the event any of the strategic partners introduced by HEL completes an investment or strategic partnership with E3.

About E3 Metals Corp.

E3 Metals is a Petro-Lithium company rapidly advancing the development of direct recovery lithium brine projects in Alberta. E3 Metals holds lithium resources at 6.7 Mt LCE (inferred)¹. The focus of the Company on the continued develop of its proprietary extraction technology towards commercial readiness. The Company has a compelling competitive advantage by virtue of having access to extensive infrastructure built by the Oil and Gas industry in Alberta. This has provided E3 Metals with extremely low finding costs, as the Company has been able to sample existing wells to define its resource. This infrastructure may also provide wells and pipelines for a future lithium production operation, potentially reducing the future underlying capital requirements significantly. The Company is committed to the develop of the Alberta Lithium Project towards commercial production of lithium. More information about E3 Metals can be found on our website by visiting: www.e3metalscorp.com.

E3 METALS CORP

All reports are available on the company's website and SEDAR (www.sedar.com)

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release includes certain forward-looking statements concerning the potential of the Company's projects to produce saleable lithium byproducts, including LCE, the future performance of our business, its operations and its financial performance and condition, as well as management's objectives, strategies, beliefs and intentions. Forward-looking statements are frequently identified by such words as "may", "will", "plan", "expect", "anticipate", "estimate", "intend" and similar words referring to future events and results. Forward-looking statements are based on the current opinions and expectations of management. All forward-looking information is inherently uncertain and subject to a variety of assumptions, risks and uncertainties, including the speculative nature of mineral exploration and development, fluctuating commodity prices, the effectiveness and feasibility of emerging lithium extraction technologies which have not yet been tested or proven on a commercial scale or on the Company's brine, competitive risks and the availability of financing, as described in more detail in our recent securities filings available at www.sedar.com. Actual events or results may differ materially from those projected in the forward-looking statements and we caution against placing undue reliance thereon. We assume no obligation to revise or update these forward-looking statements except as required by applicable law.
